PH 52-7165 SUB B-4

PH 100-50538-292 consists of a cover memo as described above and an attached copy of Bureau letter to Albany dated 8/28/70 entitled "STUDENT AGITATION (STAG); ANTI WAR ACTIVITIES (VIDEM); RACIAL INCIDENTS (RACIN)." It should be noted that this particular Bureau letter is filed separately in PHfile 100-50538 as serial 295 but that the missing copy thereof is in this instance a part of serial 292 as described above. U

A review of the Philadelphia files shows that the memo to all agents dated 5/26/67 entitled "CONTACTS WITH EDUCATIONAL INSTITUTIONS" referred to in the referenced newspaper article is apparently a memo prepared at Philadelphia under that date which referred to the contents and instructions in five Bureau communications as follows: U

Bureau airtels to Albany dated 3/22/67 and 4/5/67; Bureau radiogram to all SAC's, 3/30/67; and SAC letters 67-20 dated 4/1/67 and 67-29 dated 5/24/67, all of which were entitled "CONTACTS WITH EDUCATIONAL INSTITUTIONS." These five documents were filed together in PHfile 134-00 but for some reason not now apparent the memo prepared 5/26/67 dealing with the contents of them was not filed in the same file and further the administrative file containing copies of memo to all agents in the division for that period of time has been destroyed; therefore, Philadelphia is unable to locate or reproduce at this time for the Bureau and itself a copy of the memo dated 5/26/67. All copies of the five above-described serials in the file and there is nothing to indicate that any copies of them were stolen. U

Also enclosed for the Bureau are three copies of an amended page to be inserted in the list of stolen documents concerning the two enclosures. U

[redacted] appeared at the Denver Office of the FBI, Denver, Colorado. At the outset of the interview [redacted] was very belligerent, but during the interview became very affable. U

[redacted] stated he is an anarchist and has dis-associated himself with the United States Government. He stated he has lived in communes since he was 15 years of age and the Government has always "hassled" him. He said until a short time ago he intended, and was attempting, to tear down the United States Government, but now has disassociated himself from the Government and is building a new life based on freedom. U

He said he has the ability to make everything he needs without depending on society to furnish him his needs. He said he is an accomplished carpenter, saddle maker and farmer. He said he is also a good sailor. He said he and fifteen other men and their women are establishing a place to live. This place is a communal farm and they are in the process of building buildings. He said now they are almost all residing together but will each eventually have their own residence on the farm. He said he hopes to eventually purchase property in the Ozark Mountains and establish a communal farm there. U

He said his woman, [redacted] is eight months pregnant. She does not intend having the baby in the hospital as [redacted] claims this affects a baby's health and prospects for a long life. He said the hospitals give women sedatives which cause the child to stay in the birth canal longer and thereby eventually shorten its life. He said a child, when born in a hospital, does not open its eyes for several days, whereas when a child is born naturally, it opens its eyes within a few hours. He said he and [redacted] are not married. U

[redacted] said that he has been operating a leather business but has closed this business, and before that had helped another group of people set up a collective farm. He said he taught them some farming and helped them build their

buildings. U

[redacted] said he has traveled some in the east since coming to Colorado from Kansas, but his woman, [redacted] has not traveled with him. He stated he did not participate in the burglary of the Media, Pennsylvania Resident Agency or the attempted burglary of the Garden, City New York Resident Agency. He said if he knew the identity of the persons responsible, he would not reveal same, but would admit that he knew who they were. He advised if he had participated in the attempted burglary of the Garden City Resident Agency, it would not have been an attempt but would have been a burglary. He stated he always accomplishes what he sets out to do. U

When questioned concerning the Media and Garden City Resident Agency burglaries [redacted] expressed what appeared to be complete surprise, stating that he did not know that any FBI establishments had been "hit". He further stated that he does not listen to the radio, watch television or read the newspapers. He said he had heard that FBI documents had been mailed to newspapers and congressmen in the east but he had not heard where these documents came from. U

[redacted] said he would not furnish his telephone number or address due to fear of arrest for his past activities. He said the fear is on the part of his woman, [redacted] who became very upset when she learned last Friday the FBI was trying to locate him. He said he was aware the FBI had interviewed a person in South Dakota and one at [redacted] Colorado, regarding his whereabouts. He said he considers this a form of harassment and came to the FBI office not to cooperate by furnishing any information but to complain of the harassment of his friends. U

[redacted] stated he formerly worked with [redacted] [redacted] and with [redacted] and has committed destructive acts against Selective Service records on several occasions. He said he has served time for some of these acts. He said he was a member of [redacted] and the FBI is aware of acts which they committed for which he has not been prosecuted. U

[redacted] stated he participated in a sit-in of [redacted] and that this sit-in was broken up by Federal officers. (U)

He stated his mother is a draft counselor in Maryland and is doing an excellent job. He said he is the oldest of eight children. He said he was influenced by his religion to fight against the draft and the war in Vietnam and he has made a sailing trip to both Cuba and North Vietnam, stating [redacted] (U)

He said he lived in [redacted] where several of the inhabitants were killed and only one man out of about fifteen was ever brought to trial for these murders. He said he has also lived in [redacted] and several inhabitants of this commune were killed and the police have taken almost no action. He said he recently heard the same thing happened in Montana where three or four inhabitants of a commune were killed and almost no action was taken by the police and no national publicity was given to the occurrence. (U)

He said he has as little respect for newspapers as he does for the Government and the police. He stated he feels that this part of the country, referring to Colorado, is a much better place to live than the east or the south as the police and the inhabitants of this area are not as inclined to harass his people. (U)

Referring to the recent disturbances at Boulder, Colorado, he stated the type of people causing those disturbances are not his people as they are out to destroy and he and his people are now dedicated to building their own communities. (U)

He stated what he finds wrong with the United States Government is that the politicians and the wealthy people are living their lives at the detriment of other people ; that that is why he originally set out to tear down this Government and the reason he has now disassociated himself with the Government. When asked what other form of government he felt would be better than this form of government,

DN 100-10387

he said he knows of no other forms of government which are better but that he and his people are using freedom as their foundation for their new lives. He stated the people in the United States are not really free and that they are continually hassled by the Government and the police. (U)

PURPOSE:

b6

To advise you of current developments in this case.

DETAILS:

You were previously advised that [REDACTED] owner of [REDACTED]

posted eviction notices calling for the premises to be vacated by 5-31-71. We are vitally interested in conducting a legal search at [REDACTED] on 6-1-71 in connection with instant case. It is conceivable that information of interest in the Medburg and Gardburg investigations may be obtained through such search. *(S)*

On 5-26-71, [REDACTED] advised that he went to [REDACTED] on that date and observed that personal effects and other items which belonged to [REDACTED] and other individuals had been removed from [REDACTED]. He said that from his observation, the occupants had for all practical purposes vacated the premises. He also stated that he does not wish anyone to have access to [REDACTED] until after 5-31-71. His reason is that he does not want to become involved in any problems with the individuals who rented the property. We are making arrangements to conduct a detailed search of [REDACTED] on 6-1-71. *(U)*

RE: Eastcon

b6
b7C

With the return of the superseding indictment in this case on 4-30-71, public utterances on the part of Eastcon defendants and activists assailing the Government and the FBI were sharply curtailed due to the inclusion of two Berrigan-[redacted] letters in the indictment. There was a meeting, however, in Warminster, Pennsylvania, on 5-23-71 at the Archbishop Wood High School for Boys which included speakers who engaged in verbal attacks on the Government. Defendant [redacted] was to have appeared at this meeting but could not due to a death in his family. His replacement, [redacted]

[redacted] Philadelphia, Pennsylvania, stated, "We have to take over the Government by peaceful means, but when these are used up, we have to use what means are available." He said that the Berrigans are the true leaders of the peace movement and that the FBI is framing them. (U)

[redacted] Philadelphia, made several disparaging remarks regarding the Bureau and accused us of employing Nazi-type tactics. He condemned the U.S. Government and its position in Vietnam. Defense attorney [redacted] of Philadelphia who is representing unindicted co-conspirator [redacted] stated the Government chose Harrisburg, Pennsylvania, as a trial site because it is a conservative area and anti-Catholic in nature. He said this is the only way the Government will be able to win its case. (U)

[redacted] stated she would go to jail rather than testify. She compared the U.S. Government to Nazi Germany and stated she is in full support of the Berrigans. She said superiors of her Order in Rome and the U.S. had given her a "blank check" and had advised her they would back her 100 per cent. [redacted] concluded by saying the FBI was manufacturing the case against the Berrigans. (U)

Memorandum to Mr. C. D. Brennan
RE: Eastcon
100-460495

The above remarks are consistent with the strategy of the pro-Berrigan forces in attempting to create an aura of doubt in the minds of the public regarding this case. They scrupulously avoid any confrontation with the facts of the case but rather project an emotional appeal.

This is for your information. We will keep you advised of pertinent developments in this case.
